ADAPTER

DESCRIPTION

Ceiling-mounted spot speakers with power rating of 15W, designed to fit onto lighting rail systems.

These speakers are compatible with the LA-SPOT-TR Wi-Fi transmitter for multi-room installations and include a Bluetooth receiver for audio streaming.

Ideal for shops, bars, restaurants, and other commercial venues.

APP COMPATIBILITY

The 4STREAM app (available on Google Play and App Store) lets you configure your speakers and manage multi-zone playback. Once setup is complete, choose your playlist or a streaming service to begin music playback.

ACOUSTIC QUALITY

These high-quality speakers reproduce natural, uniform sound with a consistent acoustic field.

The 15W power rating allows for effective coverage of up to 100 m², depending on the number of units installed.

INSTALLATION

- Simple and quick to install
- Flat metal grille and body with a clean finish
- Seamless integration into ceiling lighting rails
- Powered by internal power block
- Rear controls for volume, bass, and treble
- ON/OFF switch included

THREE-PHASE RAIL ADAPTER
